3.2	3Smart			1											The project's contribution to PA2 is well described.
1.1	ACCELERATOR									1					Clear contribution is shown towards PA8 and Pillar 3 of EUSDR. . PA9 could have been also addressed since the project looks also to train the staff of the selected SMEs.
4.1	AgriGo4Cities										1	1			Linkages to EUSDR to PA9 and PA10 are (roughly) outlined.
2.2	ART NOUVEAU				1										Contribution to PA, targets/ actions is very well explained
4.1	ATTRACTIVE DANUBE											1		1	Clear links to PA10. PAC10 involved as ASP and "will list the project as EUSDR strategic project if approved".
2.1	CAMARO-D					1	1								Potential contributions to different Actions of PA4 and PA5 presented and the proposal claim to formulate recommendations towards these policy fields of the EUSDR, but not detailing in which form it is planned to be done
3.1	CHESTNUT		1												Project's contribution to EUSDR PA 1b is very briefly described.
3.1	CityWalk		1	1											RS coordinator of PA1b, and Ministry of Transport is involved as ASP.
2.3	coop MDD							1							The proposal has clear contribution to one Action of PA6 and the proposal can be closely connected to an example of project of this Action within the Action Plan of the EUSDR. The proposal plan to present results at a relevant EUSDR forum.

1.1	CrowdStream									1		1		1	PA8 and PA10 are mentioned but the actual contribution of the project is not clearly developed. However, PA10 City of Vienna is an ASP and the EUSDR Priority Areas Coordinators nominated this project in April 2016 as a strategic one meant to address the challenges highlighted under PA 8 & PA 10.
2.2	CultPlatForm_21				1										Contribution to PA, targets/ actions is very well explained
3.1	DANTE	1													"A direct link will be established with the EUSDR by means of permanent connection to PA1a, also as DANTE being the foreseen interface between the PA1a and the IWT industry in the field of administrative barriers." RO coordinator of PA1a, Ministry of Transport, is involved in the project as full PP.
2.2	Danube GeoTour				1			1				1			Contribution to EUSDR targets and actions is insufficient, contribution to tourism related targets/ actions is not described
4.1	Danube SKILLS	1										1			Clear contributions to EUSDR PA1A (also indicated, but less clear, for PA10).
3.1	Danube STREAM	1													"PA1a Steering Group confirmed their support by issuing a Letter of Recommendation." The LP is the AT coordinator of PA1a, via donau.
2.3	DANUBE parksCONNECTED							1							Contribution to Actions of PA6 is clear, constant coordination with PA6 is planned, as both PACs of PA6 are involved in the partnership. Additionally, for cross-sectorial interests PAC1a is also involved, as well as PAC2 expressed its interest in the project, even if finally not involved in the partnership

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
2.1	DanubeSediment	1		1		1	1	1							The proposal has clear contribution to PA4 and PA5, identified as strategic project by both PAs, PACs of both PAs are involved in the partnership. Certain contributions to PA1a, 2 and 6 can be also identified, project results are planned to be shared with these PAs as well.
1.1	DanuBioValNet			1					1	1					EUSDR PA2, PA7, PA8 are set for contribution at project level but the actions and targets are not clearly identified.
2.2	DANUrB				1				1		1				Contribution to PA, targets/ actions is very good explained. FY: PAC3 issued a letter of recommendation
3.1	DAPhNE	1													"The project has been issued a letter of recommendation by the Steering Group of EUSDR PA 1.A during the 1st stage of the DTP application process, highlighting the relevance of the project to the EUSDR targets & actions." RO coordinator of PA1a, Ministry of Transport, is involved in the project as full PP.
3.2	DARLINGe			1											HU coordinator of PA2, Ministry of Foreign Affairs, is involved as full PP.
1.2	DA-SPACE								1	1	1				No direct link to PACs, although some contribution can be expected.
3.1	DBS Gateway Region	1													The project's contribution to PA1a is well described.
1.2	DIGITTRANS								1	1	1				Contributions to EUSR PA 8 are indicated and well explained; side-contributions stated also for PA 7 and 9, but not fully elaborated regarding actions and targets.
2.4	DRiDanube					1	1								Contributions to PA4 and PA5 Actions are clear

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
4.1	DRIM										1	1			The project appears well embedded into the wider EU policy frameworks and the EUSDR (clear contributions esp. to PA09, also PA10 mentioned).
1.1	D-STIR								1	1	1				Clear contribution to EUSDR PA7, PA8 and PA 9 and cross-linkages to EUSDR Pillar A and Pillar B
2.2	ECO KARST							1		1	1				Contribution is well explained in connection to PA6, but not also PA8 and PA9
1.1	EcoInn Danube			1				1	1	1					Wide references and added value explained assuming impact.
4.1	EDU-LAB								1	1	1	1		1	Direct and significant contributions to PA9 (proposed as strategic project by this PA). Also contributions to PA7, 8 and 10 mentioned and plausible.
3.1	eGUTS		1												The project's contribution to PA1b is described in general terms.
3.2	ENERGY BARGE	1		1											"The coherence of the project with the mentioned targets is underlined by letters of support provided by both Priority Area Coordinators." AT coordinator of PA1a, via donau, is involved as full PP.
1.2	Excellence-in-ReSTI								1	1	1	1			Clear linkages to EUSDR PA7 demonstrated (further to PA 08, 09 and 10 are mentioned, but not fully elaborated regarding targets and actions).
1.1	FORESDA								1	1	1	1			Good contribution to targets and actions of PA7, PA8, PA9, PA10, and towards Pillar 2 of EUSDR
3.1	GREEN DANUBE	1						1							RO coordinator of PA1a is involved as ASP.
1.1	InnoHPC														General reference only to EUSDR with no actions or targets in sight. No EUSDR PA is mentioned although the project could be relevant towards PA7, PA8.

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
2.2	INSiGHTS				1										Contribution to PA, targets/ actions is very good explained
2.2	Iron-Age-Danube				1			1							Contribution to PA, targets/ actions is very well explained
2.1	JOINTISZA					1	1								The proposal has clear contribution to PA4 and PA5, PACs of both PAs are involved in the partnership and the project is identified as strategic project by PA4.
4.1	Learning by Doing								1	1	1	1			Main contributions to the EUSDR are indicated and explained for EUSDR PA8 and also for PA7 and PA10. Though the contributions to the mentioned PAs are plausible - especially in case of <u>PA8 (PAC involved as ASP6)</u> - it is very surprising that applicants do not refer at all to PA09 (WG1 and WG2 relate directly to the project topic).
2.2	LENA				1			1							Contribution to PA, targets/ actions is very well explained and cooperation with EUSDR is embedded in the proposal: PAC 6 supports the project idea and is interested in following the implementation using the SG as dissemination mechanisms
1.1	Made in Danube			1				1	1	1	1				Link to EUSDR Priority Axis 2, 6, 7, 8, 9 and relevant targets and actions is ensured.
1.1	MOVECO								1	1					Contribution to EUSDR Priority Areas 7 and 8 in explained, also in relation to their targets and actions.
2.2	NETWORLD				1										Contribution to PA, targets/ actions is well explained
1.2	NewGenerationSkills									1	1				Certain level of contribution to PA8 and PA9 Actions

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
4.1	RARE										1	1			Project contributions to the EUSDR are described for PA9 and PA10 (very obvious esp. regarding PA9, WG7), but poorly developed regarding concrete actions and targets of these PAs.
1.1	ResInfra@DR								1	1					Clear contribution to PA7. Less towards PA8
1.1	RI2integrate									1					R2Integrate is intended to work towards EUSDR PA8 but the actual contribution is only inferred.
1.2	SENS3S									1					Certain contribution to PA8, although no to any Action, or target
1.1	Smart Factory								1						Contribution to EUSDR is limited to PA7 and its targets/actions.
4.1	TEEM										1	1		1	Project contribution to both PA09 and PA10 are indicated and seem plausible (PAC10 involved as ASP), they could have been developed in greater detail, however.
3.1	TransDanube		1												"The LP was involved in the activities of PA1b to set up an ITS Roadmap aimed to foster implementation of the EUSDR action and targets by a comprehensive stakeholder consultation - refer to Annual Report 2015". SI coordinator of PA1b is involved as full PP (Ministry of Infrastructure)/ ASP (EUSDR PA1b coordinator).
3.1	Transdanube.Pearls		1		1										BG coordinator of PA3, Ministry of Tourism, is involved as ASP.
3.1	TRANSGREEN		1												"The project idea was presented and acknowledged as relevant at two PA1b Steering Group meetings." SI coordinator of PA1b, Ministry of Infrastructure, is involved as ASP.

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
4.1	YOUMIG										1	1			The project proves high specific relevance for EUSDR PA09 / WG6 and a more general one for PA 10; respective contributions are described in detail.
TOTAL approved		8	6	8	9	4	4	10	14	18	16	13	0	4	
Not approved projects															
2.2	ActiveSpaNetwork				1					1	1	1			Several PAs, targets and actions are listed but the project contribution is not explained
1.2	AeroDanube								1	1	1				Project contributions are described for EUSDR PA7, PA8 and PA9, indicating a (vague) focus on PA8; yet explanations are brief and could have been further elaborated regarding EUSDR targets and actions.
2.4	ALaRM						1								Contribution to a certain extent to the target and a related action of PA5 is clear
3.1	AMOD		1												"The project was developed in consultation with the Priority Area Coordinators and the Steering Group of EUSDR PA 1b who strongly support it. AMOD is included in the list of projects in 2015 annual report of PA 1b to the Commission. It is envisaged to involve the PACs and the SG of PA 1b in a political advisory board of AMOD in order to multiply the outreach of the project."
2.2	ArchaeDanube														No priority clearly mentioned, some reference to a pillar.

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
1.2	BECinDANUBE								1	1	1				Certain potential contribution to PA7, PA8, PA9 can be expected but the proposal did not explain this and no significant development towards targets/actions.
1.2	CD SKILLS								1	1	1				Contribution to PA7, PA8, PA9 is foreseen but no significant development towards targets/actions.
2.3	ConnectGREEN							1							Potential contribution to certain Actions of PA6 can be expected, certain PPs involved in the work of the related Steering Group, with which linkages planned also for sharing the results
3.2	Co-Stars			1											Contribution to PA2 is very succinctly presented.
2.2	CULTINTRAIL				1										Even though contribution to EUSDR is sufficiently explained the proposal is so poorly developed that it is doubtful that it can bring an added value
2.2	DANOST				1										Contribution to PA, targets/ actions is well explained PAC3 promoter and LP
1.2	Danube CSR								1	1	1				While certain contribution to PA7 and PA8 are plausible, the argued contribution to an Action of PA9 in the context of the related PA target is doubtful.
3.2	DANUBE RES			1											Synergies and harmonisation with the actions performed by PA2 are described, instead of project's contribution to it. No specific target/ action is identified.
2.2	Danube Spas				1										Contribution to one PA and 2 actions is poorly developed upon

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
1.2	DanubeENTER									1	1				Project contributions to EUSDR PA9 and PA8 are indicated and plausible, but they are briefly stated only and could have been further elaborated.
3.2	DANUBIOM			1											HU coordinator of PA2, Ministry of Foreign Affairs, is involved as full PP.
1.1	DanuWear								1						Potential contribution to PA8 is considered but not thoroughly described. Taking into account the research dimension of this project, actions and targets under PA7 could have been also targeted.
1.1	DENUBE								1	1	1				Contribution to PA7, 8, 9 is explained but the identification of the targets and actions is done in a general way.
1.1	DO-IT 1.0								1	1				1	EUSDR PA7 and PA8 are mentioned but the actual contribution is not well underlined in accordance to DTP's requirements. Similar approach towards targets/actions.
3.1	DRIS1														EUSDR is not mentioned. Nevertheless, SI coordinator of PA1b, Ministry of Infrastructure, is involved as ASP.
3.1	E-Debs			1	1										RO coordinator of PA3, Ministry of Regional Development, is involved as ASP.
1.1	Genesys								1		1	1			Contribution towards Pillar 1, 3 and 4 and EUSDR PA7, PA9, PA10 not well explained.
1.1	Growth4iSocial								1	1					Basic reference to EUSDR PA7 and PA8
1.2	Learning4PPI								1	1		1			Contributions to EUSDR PAs 7, 8 and 10 are described, but in a somewhat generic way, a clear prioritising is missing.

SO	Project acronym	PA1a	PA1b	PA2	PA3	PA4	PA5	PA6	PA7	PA8	PA9	PA10	PA11	Strategic project	Comments
2.2	MILA				1										Contribution to PA, targets/ actions is very well explained
1.1	NOBLE 2.0								1	1	1				Sketchy contribution to EUSDR PA7, PA8, PA9
4.1	OpenDanube								1			1			Well-developed linkages to EUSDR PA10 and PA07.
3.1	SEDEM		1	1	1			1	1						Both SI and RS coordinators of PA1b, Ministry of Infrastructure and Ministry of Transport respectively, are involved as ASP.
2.2	Smart Danube Limes				1				1	1	1	1	1		Contribution to EUSDR targets and actions is insufficient, only general statements provided
2.2	VIPS							1							Contribution to one PA and one target sufficiently explained
2.4	WAPCOS						1								The proposal would have contribution to PA5, it has connection to the example project identified in the Action Plan of the EUSDR.
2.1	WWOWW					1									The proposal have certain contributions to the targets and some Actions of PA4
