Part 3: Future steps for cooperation

- pursue synergies among both strategies through structured dialogue;
- explore the options for mutual inclusion in the programming processes of both strategies (in this case in the planning activities of PA10 and RCC);
- timely informing on the financial possibilities (e.g. informing on the open calls for proposals;
- technical meeting between the RCC and the PA10 coordinator to explore the possibilities for interlining the two databases – SEEDAD and EuroAccess;
- to continue the this practice of co-organizing future structured sectoral meetings.

Thank you!
