

Evaluation of the Participation Day of EUSDR

For all formal BIOS capacity-building events were subject to participant evaluations. The BIOS took careful notice of evaluation results in order to improve its capacity to respond to current needs and requests of participants regarding further ESMP development and the updating of instructional material and methods.

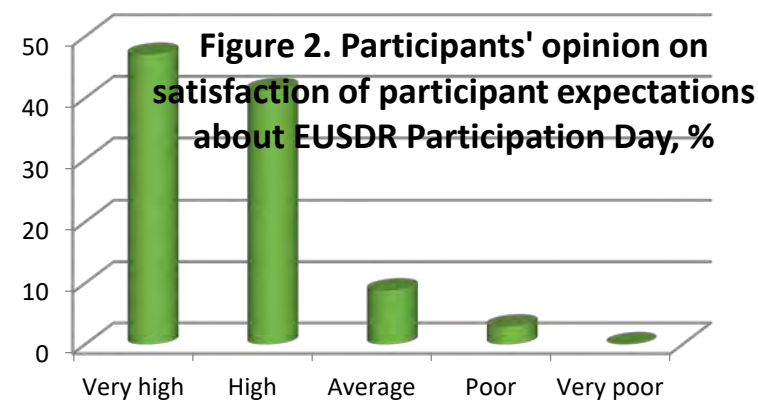

1. EUSDR Participation Day Timeliness

Participants' opinions about EUSDR Participation Day timeliness are assessed as "very high" (88,6%), "high" (5,7%) and average (5,7%). It is noted that no respondent marked "poor" and "very poor" (Figure 1).

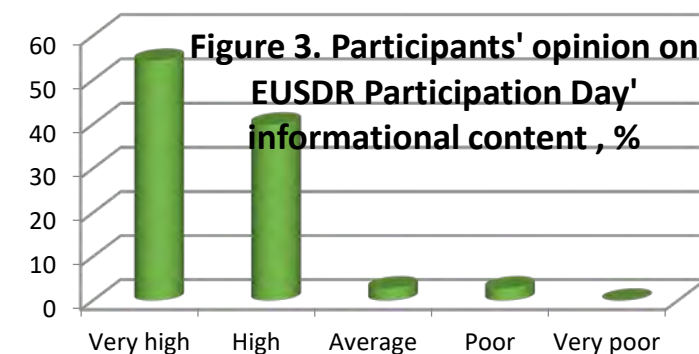

2. Satisfaction of Participant Expectations

Participants' expectations for the EUSDR Participation Day are assessed as "very high" (47%), "high" (41,3%), average (8,8%) and poor (2,9%) (Figure 2).

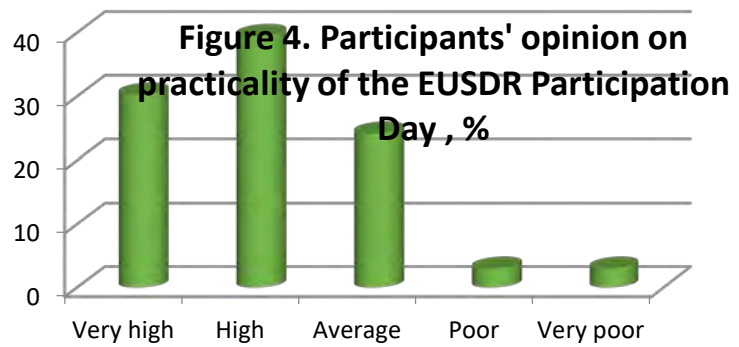

3. Informational Content

The majority of respondents highly appreciate informational content of the Participation Day of EUSDR. Thus, participants' opinions about the informational content of the EUSDR Participation Day are assessed as "very high" (54,4%), "high" (40%), poor (2,8%) and very poor (2,8%) (Figure 3).

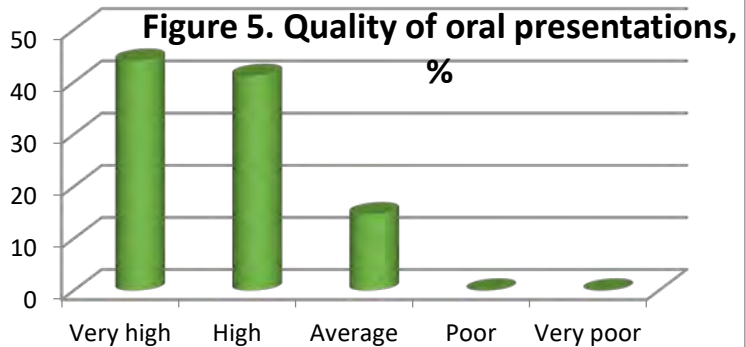

4. Practicality of the Participation Day of EUSDR

Participants' opinions about practicality of the EUSDR Participation Day are assessed as "high" (39,5%), "very high" (30,3%), average (24,2%), poor (3%) and very poor (3%) (Figure 4).

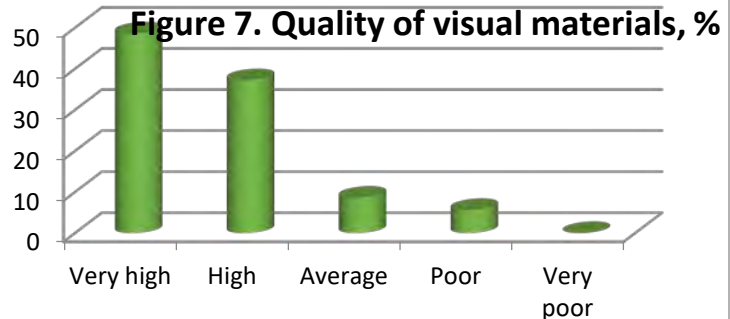

5. Quality of Oral Presentations

The respondents assessed the quality of oral presentations as "very high" (44,1%), "high" (41,2%) and average (14,7%) (Figure 5).

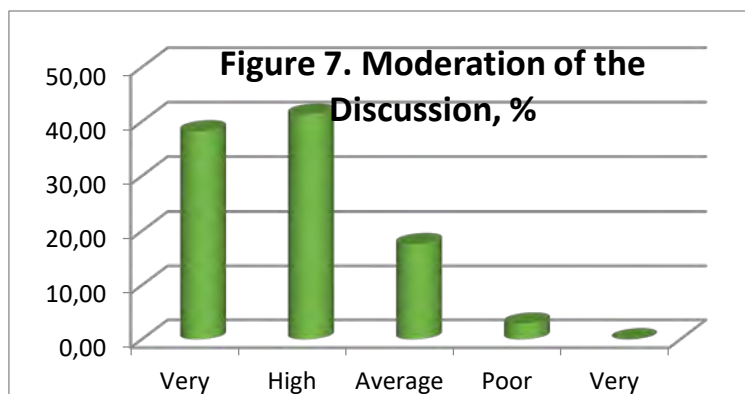

6. Quality of Visual Materials

The opinions about the quality of visual presentations followed the same trend as satisfaction of participant expectations. Thus, 48,6% of respondents assessed this question as "very high", 37,2% - as "high", 8,6% - as "average" and 5,6% - as "poor" (Figure 7).

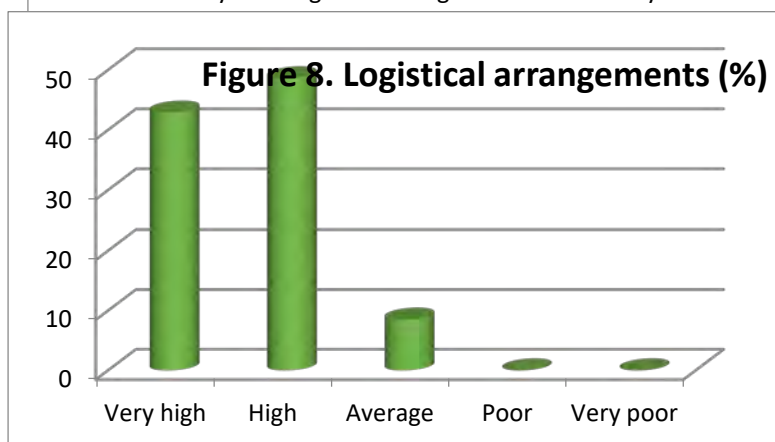

7. Moderation of the Discussion

The opinions about the Moderation of the Discussion are as follows: 41,3% of respondents assessed this question as “high”, 38,2% - “very high”, 17,6 - average and 2,9% - poor (Figure 7).

8. Logistical Arrangements

Logistical arrangements were assessed as following: 48,6% of respondents assessed this question as “high”, 42,9% - “very high”, 8,5 - average (Figure 8).

9. Additional Information and Support

The majority of all participants at the EUSDR Participation Day requested additional information (responded with “Yes”) on the training topics (78%), while 22% of the respondents consider that they do not need additional information of the discussed issues (Figure 9).
