

DIY-ACCEL

Piloting of Danube and Ionian Youth Entrepreneurship Acceleration

Danube and Ionian regions experience a high youth unemployment rate. At the same time, there is a gap in funding at national and EU level, specifically for youth entrepreneurship projects.

The overall objective of the DIY-ACCEL is to tackle youth unemployment by enhancing youth entrepreneurship and to showcase the path to successful funding for youth business projects. The project will pilot a small support scheme in 3 countries – BG, SR, and EL – to support innovative youth business idea demos in order to attract funding.
