# POLICY UPDATE & FUNDING INFORMATION

---

# Policy Paper | Sound Local Management

## Background

Local public managements focus on the specific needs and characteristics of the local public administration. Topics which belong to specific public service obligations (PSO) a local authority has to provide and maintain are summarized under the term of "Services of general interest (SGI).

## Thematic Focus

Services of General Interest (SGI) – Financing & Capacity building/Quality Management

## Aim

- Drafting a Policy Paper addressing specific challenges for local administrations in the Danube Region based on existing guidelines, policy recommendations etc.
- Creating a strategic basis for further initiatives & projects addressing sound local management

# Study | Metropolitan/Functional Regions

## Background

On the one hand, local policies with spatial impact tend to have spill-over effects on surrounding regions (urban-rural, cross-border, urban-urban etc.). On the other hand, different policy sectors with spatial impact might have negative impacts if cross-sector coordination is lacking. Thus, policy planning needs to be well-coordinated across regions and sectors.

## Thematic Focus

Spatial Planning / Policy Coordination with spatial impact

## Aim

- Drafting a Study showing challenges and needs for policy coordination & planning across regions and sectors
- Developing recommendations for future initiatives & projects

# EuroCities ,Inclusive Cities for All‘

## Initiative

- 21 European cities signed pledges showing their clear commitment to implement the principles of the European Pillar of Social Rights.
- The pledges outline dedicated investments totaling over €4.32 billion for the next 5 years (2019-2024) for urban initiatives.
- 9 out of 21 pledges addressed the principle of affordable housing and support for homeless people. Cities committed to invest over €2.17 billion to build 75,000 new affordable homes by 2024.
- 4 cities from the Danube Region joined the initiative: Stuttgart, Ljubljana, Vienna, and Timisoara

# Funding Opportunities for Local Actors

## Interreg Central Europe

### Call

Capitalisation through Coordination

### Description

The call is an experiment to coordinate capitalisation across funds. The partnerships will roll out promising project outputs and results of already funded Interreg CENTRAL EUROPE projects at the regional and local level, or improve policy making. Project ideas have to build on complementing results and outputs from at least 3 different projects co-financed by Interreg CENTRAL EUROPE and directly-managed EU programmes such as Horizon 2020, LIFE, Connecting Europe Facility, etc.

### Deadline

05.07.2019

### Eligible Countries

Austria, Croatia, Czech Republic, Germany, Hungary, Italy, Poland, Slovakia, Slovenia
