-

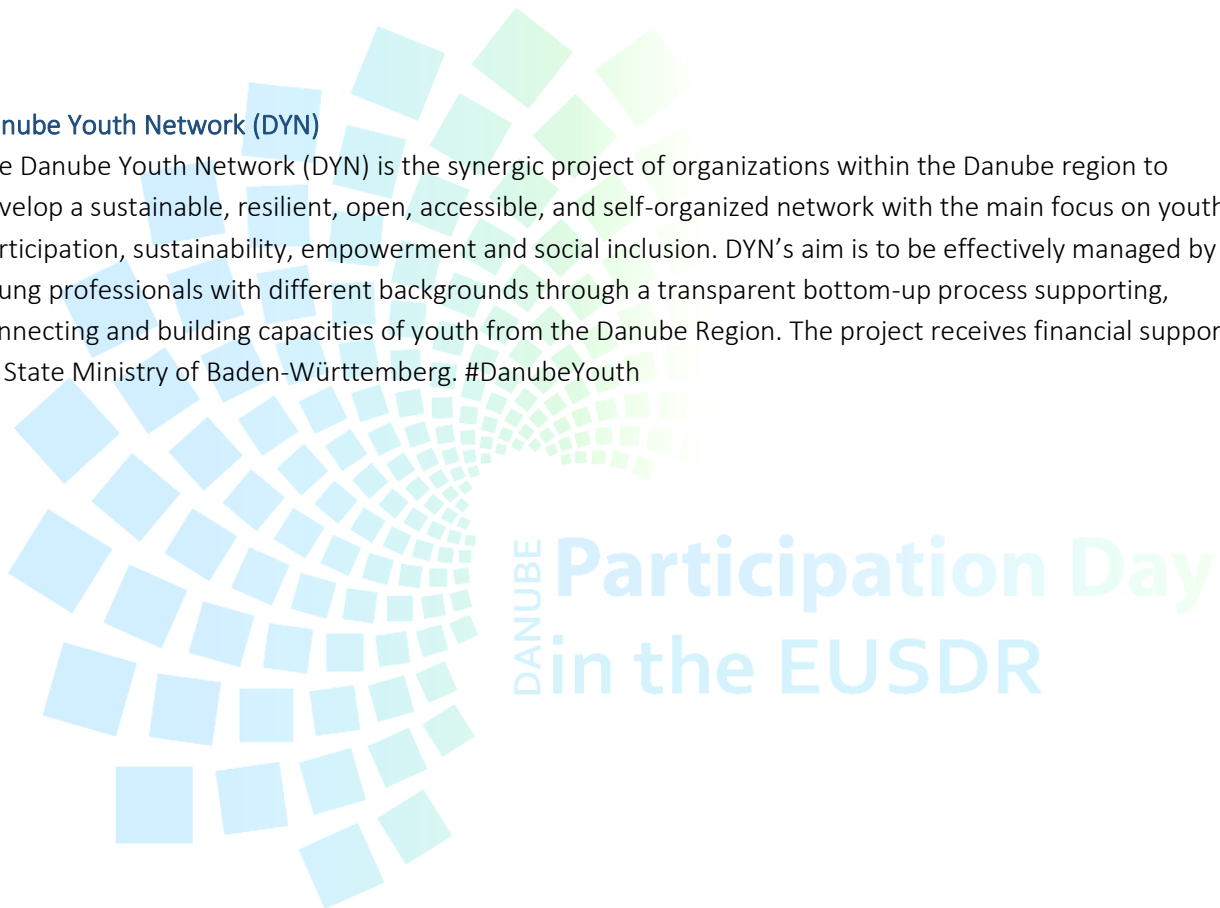

Guidance Paper for Youth Participation

The *Guidance Paper for Youth Participation* aims at providing guidance to youth and launching a dialogue on youth participation by discussing the following questions on youth involvement in the EU Danube Strategy (EUSDR): WHY, HOW, and WHAT?

In doing so, the Guidance Paper is pointing out WHY both young people and established EUSDR stakeholders are benefitting from working together. Furthermore, the Guidance Paper sheds light on HOW stakeholders in the Danube Region can contribute to enhance youth participation by addressing the key factors: Capacity building – Communication – Cooperation. Finally, the Guidance Paper seeks to highlight WHAT has been done and could be done in the future to strengthen youth participation in the Danube Region.

Danube Youth Network (DYN)

The Danube Youth Network (DYN) is the synergic project of organizations within the Danube region to develop a sustainable, resilient, open, accessible, and self-organized network with the main focus on youth participation, sustainability, empowerment and social inclusion. DYN's aim is to be effectively managed by young professionals with different backgrounds through a transparent bottom-up process supporting, connecting and building capacities of youth from the Danube Region. The project receives financial support by State Ministry of Baden-Württemberg. #DanubeYouth

The Danube Participation Days are the annual platform for stakeholders in the Danube Region – held back to back with the EUSDR Annual Forum – for participatory governance and involvement in the implementation of the EU Strategy for the Danube Region, which event offers the opportunity to exchange, network and to further develop ideas and projects in the Danube Region. The 7th Danube Participation Day is a side event of the 9th EUSDR Annual Forum hosted by the Croatian EUSDR Presidency.
